

The " Spread My Wings " Scholarship means being able to go to the school of my choice out of state without financially burdening my mom. I look forward to being able to go to school in another state & being able to pursue my future nursing career.

This is a big accomplishment for me because I thought I would have to take out a lot of loans to financially afford college this year. The William O. Lockridge Community Foundation helped decrease the amount of money I would owe for college. I am very grateful & I thank you all for helping me and my mom on this huge transition into my post-secondary decision.
