

"It gives me great pleasure to be the recipient of the "Spread Your Wings" Scholarship. Being chosen for this scholarship was a true blessing; we live in an uncertain world, and just knowing that others see potential in me gives me hope that hard work does pay off. In addition, as I continue my education, I will be attending Marymount University. I know I don't have to worry about the financial burden of paying for college, and my mother having to come out of pocket for me means a lot.

Thank you again to the William O Lockridge Community Foundation."
