

I am honored to have been selected as a recipient of the “Spread Your Wings Scholarship”.

This award will help me pay for tuition and has lightened my financial burden for college. Because of this award, I will be able to focus more on my studies and community service projects. I will be attending a Historically Black College and University (HBCU), the illustrious Prairie View A & M University in the fall majoring in architecture.

It is my goal to help build safe communities for minorities in inner-cities and globally.

Thank you for having confidence in me — I will not disappoint the William O. Lockridge Community Foundation.

Sydney Mack
