

Receiving the 'Spread Your Wings' Scholarship means a lot to me. I was unsure if I was even going to receive it. I'm glad the people at WOLCF gave me a chance and believed in my ability. This scholarship gives me the opportunity to prove myself to everyone who believes in me and even those who don't. When I started high school, I was unsure if I even wanted to attend college and what for. After finally getting to that point of worrying about the cost of college was my next struggle. But after all the interviews, all the deadlines, and especially the strength and support friends and family gave me.

I'm proud to say that the \$4,000 that I received from the 'Spread Your Wings' Scholarship gave me a lot of hope and pride. And thank you for helping me set the perfect example for my younger siblings and the next generation after me.
