

The "Spread Your Wing" Scholarship is the most important to me. This award doesn't only help me, but it helps my family as well. This helps a lot with trying to assist me pay for school. This brings joy to me that you all see potential in me and decided to give financial support for my education. Through the difficult experiences my family faces, this scholarship, "Spread Your Wings", allows me to spread my wings. This scholarship almost completes the amount of tuition left for me pay. I also allow me to pay the rest of my tuition at once instead of trying to pay on a plan. I am beyond grateful for this assistance and just want to say thank you so much WOLCF.
